### How This Works ---

1. Circulation of these magazines starts with the January 2006 issue.
2. Circulating magazines are identified by a "circulating" sticker and a barcode.
3. The *most current issue*, displayed in the red binder, can not be borrowed.
4. Loan period is seven-days (one week) on up to *five* circulating magazines at a time.  
No renewals.
5. As with all library materials, overdue fines, as well as lost item fees, apply.
6. Check-out and return is at the Circulation Desk.
